# Samburu County

Our three ecolodges  
lie within Namunyak  
Community Conservancy  
in Northern Kenya.

The lodges are designed as a platform to build  
cultural and environmental sustainability and  
proudly managed by the Samburu community.

# Welcome to Reteti House

Uniquely crafted for exclusive-use, Reteti House is set in Northern Kenya's remote Namunyak Community Conservancy, which spans 850,000 acres of untouched wilderness.

A 10-minute walk from Reteti Elephant Sanctuary, Reteti House is Northern Kenya's most coveted location, providing guests with a front-row seat to the extraordinary conservation work of Reteti.

Sustainably constructed with natural materials from the area, the house echoes the landscape's neutral tones to create a cool and relaxing atmosphere inside.

Four beautiful, standalone rooms, each with a gorgeous outdoor shower and private deck, both offering uninterrupted views over the conservancy, accommodates 8 - 10 guests.

The house features a spectacular central lounge and infinity pool overlooking the elephant waterhole.

## Discover the abundant wild and birdlife of Northern Kenya

Framed by dramatic cliffs that play host to Egyptian vultures, klipspringers and resident leopard, Reteti House offers the perfect platform to experience the abundant wildlife and birdlife.

Namunyak Conservancy is also home to the second largest population of elephants in Kenya, over 450 reticulated giraffe, the critically endangered Grévy's Zebra and a host of other species, including the fabled Generuk!

## RETETI ELEPHANT SANCTUARY

A mere 10 minute walk from Reteti House, you will have access to sunrise and sunset feeding times at Reteti Elephant Sanctuary. Whilst at the house, you will often see the Reteti orphans as they go on their daily bush walks and drink from the waterhole in front of Reteti House.

Reteti is a Samburu owned sanctuary supported by Sarara. Situated among Kenya's second largest elephant population, the Sanctuary takes in orphaned and abandoned elephant calves with an aim to release them back into the wild herds adjoining Reteti. This is the result of a widely recognised and expanding grassroots movement of community-driven conservation across Northern Kenya; a movement that is growing new economies, transforming lives and conserving natural resources.
